Sportfisher Questionnaire Results

Thanks for helping to complete the fisher questionnaires - below are the key results from Gran Canaria, Lanzarote, Fuerteventura & Tenerife. We will use this information to improve fisher engagement in 2018.

INFORMATION ON YOUR CLIENTS

- previous fishing trip in the Canary Islands?
  - Tenerife: [Bars]
  - Lanzarote: [Bars]
  - Gran Canaria: [Bars]
  - Fuerteventura: [Bars]

- Nationality:
  - British
  - German
  - Italian
  - Swedish
  - Dutch
  - Polish
  - Spanish
  - Finnish
  - Swiss
  - Russian
  - Other

INFORMATION ON BEST PRACTICE GUIDANCE

- Are you more likely to book with a boat with a responsible fishing logo?
  - Yes (61.22%)
  - Maybe (31.63%)
  - No (7.14%)

- Different ways of holding a fish can affect its survival when released

The ANGEL SHARK PROJECT made this best-practice guide to safely release Angelsharks (if accidentally caught) in collaboration with sportfishers in 2015. This guidance will increase chance of survival for all sharks & rays released into the water. We want to thank the 85% of boats in Gran Canaria, Lanzarote, Fuerteventura & Tenerife who are working with us & using this guide during their fishing trips. Please keep showing the guide to your clients & explain the importance of filling in the questionnaires to help our conservation work! Thank you!
