Angel Shark Conservation Network

ASSM Collaborator Application Form

ASSM Collaborators are individuals or organisations with a defined project that specifies a particular purpose to use ASSM data for non-profit purposes. ASSM Collaborators can be an individual or organisation who will use ASSM data for research or conservation but does not want to become as ASCN Member.

To become an ASSM Collaborator, an individual or organisation must apply by emailing angelsharks@zsl.org with the following information:

a. Name and email address

----

b. Organisation you work / volunteer for (if applicable)

----

c. Detail of your project related to angel sharks, including title, aims, timeline and expected outputs (if applicable) (100 words)

All applications received will be formally reviewed by the ASCN Partners, as governing entities, and voted upon at the next available Partner meeting, where you will then be informed of the outcome of your application.

We look forward to collaborating with you in future,

The ASCN Partnership
